

THE GOLDEN TRIANGLE

DELIVER SUSTAINABLE LEARNING AT WORKPLACE

The Golden Triangle is to help organisations build a well-defined learning culture with the right strategy, well-designed solution for the learning courses and customised interactive learning mode that stimulates learners' interest.

Provide a sustainable, positive, and engaging learning experience that benefits both the organisation and the individuals

THE 3 COMPONENTS TO DELIVER SUSTAINABLE LEARNING AT WORKPLACE

CONTENT

An instructional content to address the learning needs through content creation or curation

LEARNING STRATEGY

A framework to design and develop the learning methodologies that build the mindsets, skills and expertise aligned to drive change and organisation growth agenda

DELIVERY

A centralised digital learning platform to provide the learning in an effective, engaging manner using multiple options such as ILT and VILT
